CANSTAR RESOURCES INC.
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
(EXPRESSED IN CANADIAN DOLLARS)
(UNAUDITED)
SIX MONTHS ENDED DECEMBER 31, 2020

1. NATURE AND CONTINUANCE OF OPERATIONS AND GOING CONCERN

Canstar Resources Inc. (the "Company" or "Canstar") was formed by amalgamation on April 5, 2005. The Company's registered and head office is located at 220 Bay Street, Suite 550, Toronto, Ontario, M5J 2W4.

The unaudited condensed interim consolidated financial statements were approved by the Board of Directors on February 22, 2021.

The Company is in the process of exploring its mineral properties and has not yet determined whether these properties contain ore reserves that are economically recoverable. The recoverability of the carrying values of mineral properties is dependent upon the discovery of economically recoverable reserves, the preservation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain financing necessary to complete development of the properties, and the future profitable production therefrom or alternatively upon the Company's ability to dispose of its interests on an advantageous basis.

Although the Company has taken steps to verify title to the properties on which it is conducting exploration and in which it has an interest, in accordance with industry standards for the current stage of exploration of such properties, these procedures do not guarantee the Company's title. Property title may be subject to unregistered prior agreements and non-compliance with regulatory requirements.

As at December 31, 2020, the Company had a deficit of \$11,817,255 (June 30, 2020 - \$11,500,203) and working capital of \$2,505,260 (June 30, 2020 - \$44,346). The Company's ability to continue operations and fund its future exploration property expenditures is dependent on management's ability to secure additional financing. Management is actively pursuing such additional sources of financing, and while it has been successful in doing so in the past, there can be no assurance it will be able to do so in the future. Management believes that working capital at December 31, 2020 is sufficient to support planned operations for at least the next 12 months

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4. INTEREST IN EXPLORATION PROPERTIES AND DEFERRED EXPLORATION EXPENDITURES
(CONTINUED)

a) Mary March Properties

(i) Glencore Joint Venture

The Company entered into an option and Joint Venture Agreement with Glencore plc ("Glencore") whereby the Company has a 50% interest in the Mary March property located at Buchans Junction in central Newfoundland. The remaining 50% interest in the property is held by Glencore. The Company has a first right of refusal on Glencore's 50% interest, should they wish to sell. Exploration of the property was held up approximately 10 years due to a title dispute that was resolved in 2012 in the Company's favour by the Newfoundland and Labrador Supreme Court.

The property consists of four Fee Simple Grants consisting of five separate land parcels and three map-staked licenses containing 77 claims.

Should the Glencore joint venture thus established proceed to production, the Company would make a one-time cash payment of \$2 million within six months of the commencement of commercial production. Canstar's share of production would be subject to a one percent (1%) net smelter return royalty ("NSR").

The Company is the operator of the Glencore joint venture and has the deciding vote in the event of a deadlock between the Company and Glencore. A diamond drilling program was completed in late 2012. The Company followed this up with a drill program in the fall of 2013. Glencore contributed \$150,000 towards the 2012 exploration costs of the joint venture, however did not contribute to subsequent years' exploration expenditures. Glencore was therefore subject to a voluntary reduction due to non-participation of these exploration programs. Canstar now holds a 56% interest in the joint venture and Glencore holds a 44% interest. Glencore did not contribute to the current program and accordingly will be subject to an additional voluntary reduction.

A fourth map-staked license was staked and added to the Mary March Property portfolio in October 2018.

The Company plans to continue exploration on this property.

(ii) Mary March Extension Property

The Mary March Extension Property was acquired on April 7, 2009. The property is located immediately west and north of the Mary March Property.

Canstar holds a 100% interest in the property, which has been written off for accounting purposes.

(iii) Buchans Property

The Buchans Property was acquired on July 30, 2018.

Canstar owns a 100% interest in the property, subject to a 2% NSR royalty.

4. INTEREST IN EXPLORATION PROPERTIES AND DEFERRED EXPLORATION EXPENDITURES
(CONTINUED)

b) Kenora Properties

On March 2, 2014, the Company entered into an option agreement to acquire several properties in the Kenora, Ontario area, collectively called the Kenora Gold Project. The Kenora Gold Project is situated in the Wabigoon sub-province, and located approximately 20 kilometres east of the Town of Kenora.

Canstar acquired a 100% interest in the Kenora Gold Project by making cash payments of \$18,200 and issuing 200,000 common shares (valued at \$8,000). The Kenora Gold Project is subject to a 3% NSR, subject to a buy-back right of \$1,000,000 for the first 1.5% and \$3,000,000 for the remaining 1.5%, which would reduce the NSR to 0%.

Due to disappointing exploration results and management's decision to refocus on the Mary March property during the year ended June 30, 2018, management decided to write the Kenora property down to \$20,000, its estimate of the recoverable amount. During the year ended June 30, 2020, the property was sold for \$20,000 to a third party. The Company retains a 1.5% net smelter return royalty interest on the Kenora property.

c) Slate Bay Properties

The Slate Bay Properties are comprised of eight contiguous patented claims located approximately 10 kilometres north of the town of Red Lake, Ontario. The Company earned a 75% interest in the property pursuant to an option and joint venture participation agreement entered into with Luxor Enterprises Inc. ("Luxor") on February 4, 2002.

During the year ended June 30, 2020, the Company entered into a definitive agreement with Angus, whereby it agreed to sell its 75% interest to Angus for consideration of \$30,000 and 70,000 common shares of Angus (valued on initial recognition at \$14,000). Accordingly, a gain on the sale of mineral properties was recorded during the year ended June 30, 2020. The sale closed during the year ended June 30, 2020. As at December 31, 2020, the value of the investment in shares of Angus is \$56,000.

d) Daniel's Harbour Properties

The Daniel's Harbour Properties are located in coastal Western Newfoundland. The Company acquired the Daniel's Harbour Properties on July 30, 2018 from Altius Minerals Ltd.

In consideration for the acquisition of 100% ownership subject to a 2% NSR, the Company issued 2,419,024 common shares valued at \$0.30 per common share.

During the year ended June 30, 2019, the Company reduced the number of claims held on the property and accordingly wrote down the property to \$200,000 which is the Company's estimate of the property's recoverable amount in a fair value less costs of disposal approach.

e) Golden Baie Property

The Golden Baie Property is comprised of 57 mineral exploration licenses covering an area of 62,275 hectares located in south-central Newfoundland. On August 26, 2020, the Company signed a binding letter agreement with Altius Resources Inc. ("Altius"), a wholly owned subsidiary of Altius Minerals Corporation, and other arm's length parties for the option to acquire a 100% interest in mineral claims.

e) Golden Baie Property (continued)

On November 18, 2020, the Company closed an option agreement with Altius. Under the Option agreement, the Company can earn a 100% undivided interest in the golden baie claim over a four year period for the following considerations:

- Issuance of 4,000,000 common shares (issued and valued at \$1,120,000) of the Company to Altius upon receipt of TSX Venture Exchange's approval. These were issued in November 2020);
- Aggregate cash payment of \$50,000 and issuance of an aggregate of 2,000,000 common shares (issued and valued at \$560,000) to the Optionors upon signing of the definitive agreements (the "Definitive Agreements"). This payment and the shares were issued in November 2020;
- Issuance of 2,000,000 common shares to Altius on the first anniversary of the signing of the Definitive Agreements;
- Payment of an aggregate cash payment of \$50,000 (paid) and issuance of an aggregate of 1,000,000 common shares to the Optionors on the first anniversary of the Definitive Agreements;
